

**REMARKS**

Claims 2 and 3 have been cancelled by this amendment. Claim 1 and 4-16 are currently pending.

The Applicant has reviewed the Examiner's Office Action dated June 8, 2005. The Applicant hereby provides the following remarks concerning the Examiner's objection to the drawings.

The Examiner has objected to the drawings under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the first receiver apparatus and the second receiver apparatus must be shown or cancelled from claims 2 and 3. If these elements are not cancelled from claims 2 and 3, the specification [Page 7, lines 13-14] needs to be amended to provide a proper description of them. No new matter should be entered.

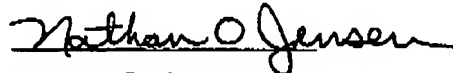

The Applicant has cancelled claims 2 and 3 to overcome the objection to the drawings.

The Examiner has allowed claims 1-16. The Applicant would like to thank the Examiner for this allowance.

**CONCLUSION**

The Applicant has cancelled claims 2 and 3 to overcome the objection to the drawings. In light of the foregoing, consideration of the amended claims is hereby requested, and a Notice of Allowance is earnestly solicited.

Respectfully submitted,
